Reusability	11	The packaging is not intended for reuse

Note: Articles 8,9,10 & 12 will be activated in phases over time

TECHNICAL DOCUMENTATION

The declaration is based on material documentation and supplier declarations. Compliance is documented in the technical documentation in accordance with Annex VII of the Regulation.

The technical documentation on which this declaration of conformity is based is kept by the manufacturer and will be made available to the competent authorities upon reasoned request and shall be retained for 5 years after placing on the market for single-use packaging and for 10 years for reusable packaging, unless applicable regulations prescribe longer retention periods.

This declaration has been drawn up in good faith on the basis of the information available at the date of issue and is intended solely to support compliance with our role as manufacturer in relation to the applicable requirements of Regulation (EU) 2025/40 on packaging and packaging waste (PPWR). This declaration will be valid until new material documentation and supplier declarations are received and considered applicable.
